

You spoke. We listened.

Our patients told us that 1686 Eisenhower Road should be renamed as the Prevea West De Pere Health Center. Most people consider the neighborhood to be an extension of West De Pere, so calling it “Lawrence” caused confusion.

We listened and as of October 15, 2008, we would like to welcome you to the newly renamed **Prevea West De Pere Health Center.**

Thank you for your suggestion!
